

## Vial Tong for Dose Calibrator

### Streamline Your Workflow with the New Vial Tong

The new gray vial tong is specially designed to simplify and enhance the vial handling process in dose calibrators.

This advanced tool eliminates the need for traditional vial handling methods, reducing the steps required and improving efficiency.

### Key Benefits

- **Enhanced Efficiency:**  
Save time with a single-step operation compared to the traditional two-step process using tong and dipper. Particularly beneficial in settings with high-frequency vial handling.
- **Precise Handling:**  
Designed for preparation and control measurements, the tong offers precise control, ensuring accurate and safe handling of vials.
- **Durable Design:**  
Made with robust materials, the tong is built to withstand repeated use, providing reliable performance over time.

### Specifications

- High-grade, 3D-printed material.
- Ergonomic and lightweight design for easy handling.
- Snap-lock mechanism ensures secure handling of vials until intentional release.
- Compatibility: VIK 202 & Capintec Dose Calibrators
- Length: 340 mm
- Width: 92 mm
- Fits Cap Diameter: 20 mm
- Item Number: 101.060.961.000
